

All-Poland Scientific Conference with the foreign guests

TECHNICAL AND ENVIRONMENTAL ASPECTS IN THE CIVIL AND ENVIRONMENTAL ENGINEERING

on occasion

Jubilee of 70th Anniversary

**The Faculty of Civil and Environmental Engineering
Warsaw University of Life Sciences SGGW**

Warsaw, 15-17 June 2016

Information I

The Issues of the Scientific Conference

The Conference concerns the issues related to the technical and environmental aspects of civil and environmental engineering in the sustainable development conditions. The subjects matter of the Conference includes in particular:

- the impact of the climatic and environmental changes on the water resources' shaping in the catchments areas,
- the mitigation of extreme weather phenomena (floods and droughts),
- the environmental processes modeling,
- the reclamation of the degraded areas,
- technological and hydraulic topics in water supply and sewage systems
- the waste and pollution management,
- the methodology and hydro-geological and geotechnical calculations' development,
- innovatory technologies of the ground-and-water environment' antipollution-protection
- improving the methods of engineering structures' foundation,
- building materials and constructions
- new technologies in the civil engineering,
- the selective problems of the heterogeneous media mechanics, the low-processed materials in the energy-efficient civil engineering.

The reports and posters accepted by Scientific Committee will be presented during the conference. Full texts of the reports, after positive editorial reviews, may be published in the following journals:

„*Annals of Warsaw University of Life Sciences - SGGW Land Reclamation*”,

„*Acta Scientiarum Polonorum – seria Architectura*” (series: The Architecture),

„*Przegląd Naukowy - Inżynieria i Kształtowanie Środowiska*” („Scientific Review – Environmental Engineering”),

„*Inżynieria i Budownictwo*” („Engineering and Civil Engineering”),

„*Wiadomości Melioracyjne i Łąkarskie*” („The Land Reclamation and Meadow Cultivation Reports”).

The costs of the publication in listed journals are covered by authors (the conference charge does not include publications).

The Organizers:

The Faculty of Civil and Environmental Engineering
Warsaw University of Life Science SGGW

Polish Academy of Sciences

Organizing Committee

Prof. dr eng. Jerzy Jeznach, The Dean of The Faculty of Civil and Environmental Engineering, Warsaw University of Life Sciences SGGW – Chairman

Dr eng. Zbigniew Popek, prof. nadzw. – Chairman of the Jubilee Conference Organizing Committee

Dr eng. Janusz Urbański – The Committee Coordinator

Dr eng. Piotr Dąbrowski – Secretary

Dr eng. Katarzyna Gabryś

Dr eng. Dariusz Górski

Dr eng. Marek Kalenik

Dr eng. Ilona Małuszyńska

Dr eng. Marcin Małuszyński

Dr eng. Magdalena Michel

Dr Paweł Oglęcki

Dr eng. Lidia Reczek

Dr eng. Wiesław Ptach

Dr eng. Piotr Siwicki

Dr eng. Michał Wasilewicz

Dr eng. Małgorzata Wdowska
Eng. Izabela Szkopek
Maria Przybysz
Robert Zakowicz

Important dates

25 April 2016	The deadline for registration
31 May 2016	Detailed Conference program
15 June 2016	Opening dinner
16 June 2016	Jubilee Celebration and the Conference lectures
17 June 2016	The Conference lectures and farewell garden meeting

The Site

The Faculty of Civil and Environmental Engineering WULS, Warsaw, Nowoursynowska 159

The participants registration

Solely on the website <http://wbis70lat.sggw.pl>

The Conference charge

400 PLN – includes the Conference materials and the full board (scheduled in the Conference program). The charge for publication is calculated by the journal editorial board after the article approval.

Account number:

with the postscript “507200526 NAME SURNAME (of the participant)”

The information about the accommodation available on the website <http://wbis70lat.sggw.pl>
